

Last Update (August 16.)

2nd Boreal Triassic Conference 2015, Svalbard

12th International Workshop on the Permo-Triassic, Svalbard

Updated dates: August 28 – September 1, 2015

Clothing in Svalbard (excursion day to Festningen) (taken from the UNIS web page:

http://www.unis.no/10_STUDIES/1040_Student_Life/what_to_bring.htm)

In the summer a hiking/mountain outfit will do, for example a down anorak/coat and warm, windproof trousers) and woollen underwear. A good rule of thumb is to remember the 3 W's: Wool, Windproof, Waterproof. Regarding footwear, you can use ordinary walking shoes (city shoes) in Longyearbyen during the summer. In winter time, or if you are planning to hike in the country, it is important that you wear warm, heavy boots/mountain boots. Please note that it is customary to take off your boots and slip into a pair of slippers when coming indoors at UNIS. This does also apply when entering some of the other public buildings in Longyearbyen.

Weather conditions: Normal temperature is between 2 and 10 centigrades. Often foggy, rarely rain, but bring waterproof jacket and trousers.

Programme (see also separate PDF)

Friday, August 28: Travel to Longyearbyen/Svalbard. When arriving with your airplane, take the airport bus to your hotel ("Radisson Blu Polar Hotel" or "Coal Miners Cabin").

Afternoon: Icebreaker at 18:00 at UNIS (The University Center, downtown Longyearbyen, same building as the Svalbard Museum).

Saturday – Sunday, August 29 – 30: Conference in UNIS (University Center)

Monday, August 31: Excursion to the famous Festningen section with Permian to Tertiary rocks (Transport by ship).

Tuesday, September 1: Excursion to Sassenfjorden, Upper Permian to upper Carnian (Transport by ship. We will sail close to a calving glacier).

Wednesday, September 2: Travel home.

Thursday, September 3: For those interested, an excursion to the Tertiary plant fossil locality near Longyearbyen, guided by students from UNIS.
