

COMMUNICATION - *MEDDELELSE*

The IXth International Congress of the International Union for Quaternary Research will be held at the University of Canterbury, Christchurch, New Zealand from 2nd to 10th December 1973.

The following sections are tentatively proposed:

- Group I. Quaternary Environments and Processes.
- Group II. Flora and fauna, including man.
- Group III. Stratigraphic subdivision of the Quaternary.
- Group IV. Time.
- Group V. Correlation.

Some symposia will be organized during the Congress, and several commissions and sub-commissions have indicated their intention to hold committee meetings. Further information can be obtained from:

Secretary-General, IX Inqua Congress, Department of Geography, University of Canterbury, Christchurch, New Zealand.

The IInd International Mine-Surveying Conference will be held in Budapest, Hungary from 5th to 14th June 1972. Further information concerning this arrangement can be obtained from:

Oroszlány Collieries, Organizing Committee for the IInd International Mine-Surveying Conference, Oroszlány, Hungary.
