

Dear all,

Please find information about the upcoming events for temporary academic employees organized by UiODoc.

Don't forget about the upcoming UiODoc's 2018 General Assembly (GA) and the election for our representative in the central UiO board!

Upcoming events:

- Workshop for postdocs (Postdoc Training),

"Take charge of your career as an early career researcher", May 30 & June 5 2018

"Developing as a researcher: productivity and leadership", June 1 & June 6 2018

- PhD breakfast-club series at the MN Faculty, in collaboration with the faculty, next event on May 31, 2018 (only for MN PhDs)

- 'Pitch your research' seminar with Torunn Meyer, in cooperation with ATTR summer school, open for all PhDs and Postdocs, June 7, 2018

- PhD Day at the MN faculty, June 8 2018

For more information and to register for these events, please visit
<http://foreninger.uio.no/uiodoc/events/>

General Assembly:

On 14 May from 16:15 you are all cordially invited to UiODoc's 2018 GA at Lucy Smiths hus (Hannah Ryggen-rommet, 10th floor), followed by tapas and socialising.

Election of the 2018/2019 representative for temporary academic employees in the University board:

The central UiO board is the institution that has the last say in strategic or financial decisions, i.e. that board is basically running UiO - and the representative for our employee group in this board is therefore a really important ally, and their voice has considerable impact.

* Consider running for election yourself, or know somebody who could be a good candidate? Put your proposal forward before 4th of May, 12:00 (noon), here: <https://skjema.uio.no/97130>

* In any case, don't forget to cast your vote between 28th of May and 4th of June! You'll receive a reminder with a link to the election page from the UiO administration.

Questionnaire:

In order for UiODoc to adequately represent the interest and needs of PhD students and postdocs, communication with the larger crowd is essential. The GA and events mentioned in this e-mail are important components to this work but we would with the following questionnaire increase your possibilities to bring forward your ideas and needs.

We would therefore like to invite you to take some minutes to answer our survey on your experience at UiO as a temporary employee:

<https://nettskjema.uio.no/answer/improveourservices.html>.

Please note that you are always welcome with ideas and concerns through e-mail, Facebook or in person.

Kind Regards,

UiODoc
