

Dear fellow PhD candidates and PostDocs,

*“Are you going to the [Career Fair](#)?
Future job prospects and [employer](#).
Remember UiODoc is part of it there
For we make life better for all of ye.”*

(Freely adapted from Simon & Garfunkel - Scarborough Fair)

Representatives of UiODoc have met with your elected representatives in the UiO board, [Kristian Bjorkdahl](#) and [Diana Saplacan](#), and discussed some of the issues and concerns that you communicated during our *Discussion Lunch* last February. They will try to make a case at the upcoming UiO board meeting on your behalf.

Have you ever wondered about how to make the best out of your posters when time and space are limited?

Our well received PhD and PostDoc Breakfast Club (PPBC) continues on **September 26th** with the topic “**Making better posters**” - or a scientist’s view on poster design.

On **October 10th**, you will get a second chance to learn about **Kappa writing** in the second edition of our workshop in cooperation with the *Akademisk Skrivesenter*.

UiODoc has negotiated with two globally leading agencies in consultancy and can proudly present a couple of special events to you. We start on **October 23rd** with the [McKinsey](#) group and will continue with a special **PPBC** on **October 31th** powered by the [Boston](#) consulting group.

More to come.

Stay tuned!

PhD and PostDoc breakfast club (PPBC)

In cooperation with UiO library and MatNat faculty, we are organizing the popular PhD and PostDoc Breakfast Club. This series of talks will continue on **September 26th** (08.30 h at HumSam biblioteket) with “**Making better posters - poster design from a scientist’s perspective**”.

There are a few principles in design and a few traits of the scientific poster that are key factors to successfully communicating your science through a poster. In this seminar you will get a brief overview over basic design principles that are useful to keep in mind in the process - seen from a scientist’s perspective.

Our speaker:

Karoline Moe holds a PhD in mathematics and has been working with graphics design, communication, research and teaching in mathematics at the Science Library, UiO, since 2013.

Free breakfast upon registration.

Visit uiodoc.no for latest updates on registration.

For all future PPBC arrangements please visit:

uiodoc.no/events/PBC/ or facebook.com/uiodoc/

Upcoming UiODoc events in 2019:

- **PPBC - Making better posters**
September 26th, 08.30-10.00 h
Place: HumSam biblioteket
