

**“Cause a little bit of summer's what the whole year's all about...”**

Dear fellow PhD candidates and Postdocs,

Summer is finally here! And the nice weather, too (*finally*).

☀ . . .

Spending more time with the family, soaking up the sun on the beach, and barbecuing outside: It is indisputably the most beloved season!

The good news also includes the opening of bars and restaurants and a renewal of social life in Oslo! Just go to Aker Brygge or Sørenga on the weekend and try to find a place to sit, we promise it won't be easy!

We hope that you have already decided where you would like to go for vacation during these summer months... There are many amazing places to visit in Norway, so you have a good selection. But if you are not going anywhere, do make sure that you take a break from work to rejuvenate those brain cells for the second half of the year!

. . . . .

Although it is now indeed time for lazy days and warm evenings of procrastination, we are here with our newsletter and we are happy to invite you for

**PhD and PostDoc Breakfast Club (PPBC): Science Communication  
24<sup>th</sup> of June, 9:00-10:00 AM @ Zoom**

For this month's PhD & PostDoc's Breakfast Club, we have Katharina Vestre as our speaker where she will be sharing her experience in the field of science communication. In this talk, Katharina Vestre will tell you how she started doing science communication, what she learned along the way and why more researchers should get more involved in explaining science topics for the general public.

See event details and register [here](#).

After summer vacations, we are planning to start again in August with our **PhD and PostDoc Breakfast Club (PPBC)** talk series, followed by several Kappe workshops, so stay tuned!

Happy Summer! ♥

Ps: we would love to hear from you if you have time to answer a quick questionnaire for our next events - <https://nettskjema.no/a/question>

—

**Other upcoming events:**

– **Get support from research infrastructures**

Arranged by NCMM and Faculty of Medicine.

This webinar will give you the chance to learn about the activities of ten research infrastructures, all have in common that they provide services in medicine and life sciences.

June 23rd 2021, 02:00-04:00 PM @ Zoom

See event details and sign up [here](#).
